Please note that the NCS, RAL and Pantone reference given is the closest available, not necessarily an exact match. A comparison with an actual sample is recommended.

The stars indicate the quality of the colour match.

\*: close colour match

\*\* and \*\*\*: good colour match

\*\*\*\* and \*\*\*\*\*: very good colour match

## Interior Match – design furniture and floors in harmony

The EGGER Interior Match shows you what is possible when combining furniture and flooring. The decor selection combines the Decorative Collection 24+ for furniture and interior design with the Flooring Collection 25+.

In Decor Match, you can choose wood or material optics that match the decor or colour for flooring, doors, kitchen worktops or entire pieces of furniture. This is how you bring harmony to your designs.

Interior Match / Decor Match - H1344 ST32 (Egger Decorative Collection) coordinated with the Flooring decor EL2402.  
DM - Decor Match = Flooring, as well as products from furniture and interior design in the same decor with different textures  
CM - Colour Match = Flooring as well as furniture and interior design products whose decors are colour-coordinated

» Find more information about Interior Match here [to.egger.link/interiormatch-flyer](https://to.egger.link/interiormatch-flyer)

## Worktop Match – create harmonious furniture

With our established decor- and material match we have several decors which are available as decorative faced board and worktop - this is getting increasingly

important for creating harmonious combinations. Those decors are marked with „Worktop Match“.

Worktop Match - H1180 ST37 on worktop combined to the matching decorative boards used for cupboard and table.

» Find more information about Worktop Match here: [to.egger.link/worktopmatch](https://to.egger.link/worktopmatch)

### XL repeat

Common repeat on the printed reproduction

XL repeat on the printed reproduction

To further highlight the natural finish of wood and material reproductions, some of our decors are developed with a so-called „XL repeat“. Now, details are repeated only twice on a board size 2,800 × 2,070 mm. This means the appearance of our decors is even more authentic, with natural features such as cracks or large knots.

- » To appreciate the grain repeat select that decor via the App.
- » Decors with XL repeat are marked accordingly
- » 2 worktop decors H011 and H197 have a repeat-less decor image on a worktop format, so that no repetitions can be seen on the entire worktop and thus appear even more authentic.
